The Cluster

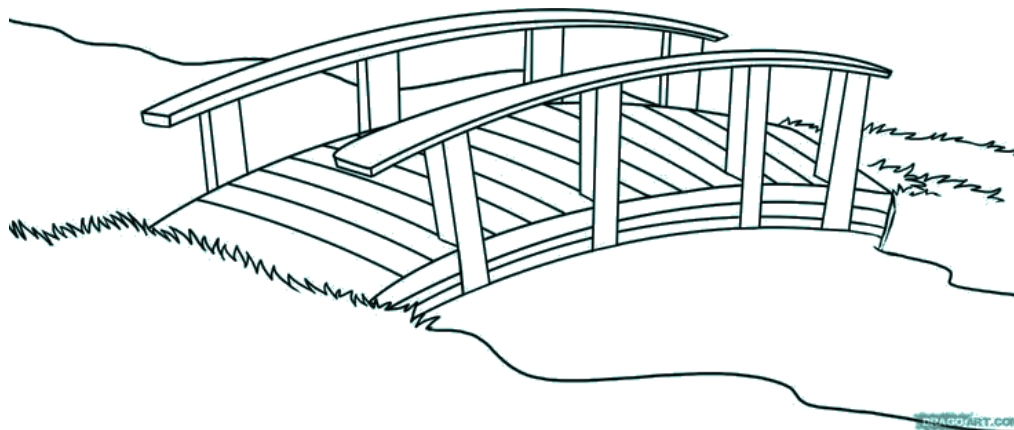

- **Why Sociolinguistics?**
We need scientific research
- **Why a cluster?**
Many agents working on Basque
- **Research centre for the social
development of the Basque language**

- The main research centre on Basque language and society
 - since 2004
 - bottom-up
 - budget > 800.000 €
 - network of collaborators
 - research projects
 - staff: 9 people

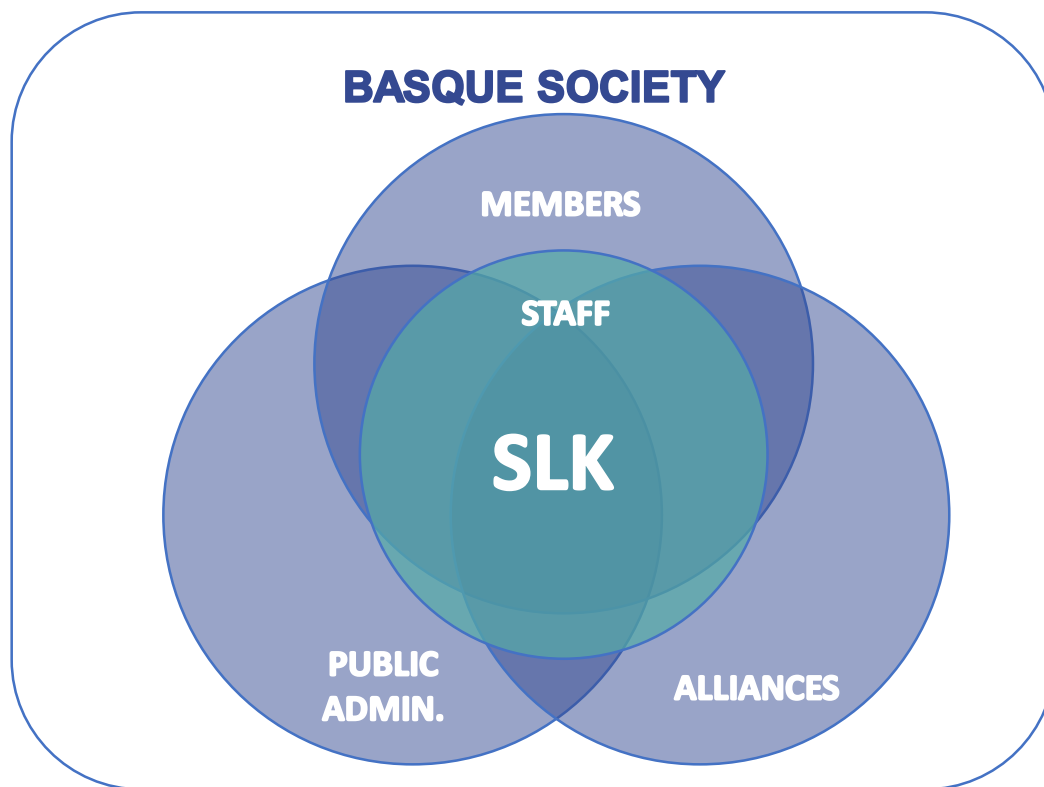

➤ Our **mission**:

- To create and to manage sociolinguistic knowledge
- for the revitalization of Basque language
- in collaboration with all the agents
- building bridges between theory and practice

To answer the needs of public and private language planners, civil society and researchers

- How?
 - scientifically → university
 - teamwork, collaboration:
 - municipalities
 - universities
 - companies
 - associations
 - social compromise
 - diffusion of knowledge
 - shared objectives
